

Common spaces promotion in Adelfas

Madrid, Spain

ACCIONA Producciones y Diseño (APD) has developed the design and construction of the common areas of the apartment complex in Adelfas, located in the district named Retiro in Madrid.

The areas are designed for the residents of the apartment complex and include the landscaping, the entrance area and the gym area that includes changing rooms and a sauna. The landscaping guarantees privacy for the apartments and creates a bench for the residents.

The spaces are full of daylight. ACCIONA creates a complete functional gym area with privacy for the users.

The criteria of quality and sustainability have been applied throughout the entire construction. The complex is BREEAM Certified.
