

Common spaces promotion in Rozas de Puerto Real

Madrid, Spain

ACCIONA Producciones y Diseño (APD) has developed the design and construction of the common areas of the apartment complex in Rozas de Puerto Real, located in the district named El Ensanche de Vallecas in Madrid. More specifically, APD has developed a sports area, has furnished the swimming pool area and the entrance areas.

APD has completely equipped the multipurpose space with kitchen, dining area, TV area and children's area. This area can be used as gourmet area for dinners, lunches, meetings, birthday parties and community meetings.

Furthermore APD has furnished the co-working room with desk space for 16 persons. Flexibility criteria have been taken into account so the furniture can be also used for special events in the terrace area.

The criteria of quality and sustainability have been applied throughout the entire construction. The complex is BREEAM Certified.
